

Analyzing How Young People Around the World Tackle the MDGs

Directions:

Using the information in Handout #5, answer the following group questions:

Group 1: India

What problem is the organization founded by Stuti tackling? What successes has the group had? What are their plans for the future?

Group 2: Nigeria

In Nigeria, how are young people spreading information to other young people? How successful have they been? Which strategy appealed most to your group?

Group 3: Morocco

What tactics have Moroccan young people, such as Fatima, used that could be used in other developed and developing countries?

Group 4: United Kingdom

What motivates the UK students who participated in the C8 Children's Forum?

Questions for Class Discussion:

1. The reading related to India describes an action taken by a group at the H2O Water Sports Complex in Mumbai. Throughout the world there are different size groups working hard to achieve the MDGs in many countries and bring awareness to the goals of the MDGs. What strategies could increase awareness of MDGs in your country?
2. Young people in the United Kingdom, like Rachel, successfully promoted the MDGs by participating in the C8 Children's Forum. How could this strategy of awareness building and outreach be used in your country?
